CAGE & BAFFLE NETTING

HEAVY DUTY GOLF PRACTICE CAGE NETTING

This heavy duty green netting is ideal for golf practice cages or as dividers between driving bays on golf ranges. The net weighs 180 g per square metre and all the edges are overlocked to prevent fraying.

The mesh size is approximately 20 mm x 20 mm.

This netting is often paired with the Archery Netting Baffle below which will reinforce the back of the practice cage.

3 mtrs x 3 mtrs **£45**

3.6 mtrs x 3.6 mtrs **£64.80**

For any other size of net: **£5 per square metre**

PLEASE CONTACT US FOR A SAMPLE

ARCHERY NETTING BAFFLES – GREEN OR WHITE

This green netting weighs 480 g per square metre. It is hemmed on all the edges and has a ring eyelet approx. every 50 cm. Often used at the back of practice cages.

3 mtrs x 3.3 mtrs **£135**

3 mtrs x 3.6 mtrs **£155**

For any other size please contact us.

HEAVY DUTY CRICKET CAGE NETTING

This heavy duty black netting is ideal for cricket practice cages or perimeters. The net weighs 90 g per square metre, the twine thickness is 2.3 mm and all the edges are overlocked.

The mesh size is approximately 40 mm x 40 mm.

Made to order for any size of net:

£2.20 per square metre

GROUND REINFORCEMENT

TURF GUARD MESH

Turf Guard is a tough extruded plastic grid for permanent reinforcement of grassed areas used by vehicles and pedestrians. It will help to disperse the weight placed upon it thus creating a more stable platform. This is our most popular ground protection mesh.

Rolls are sized 2 mtrs x 30 mtrs

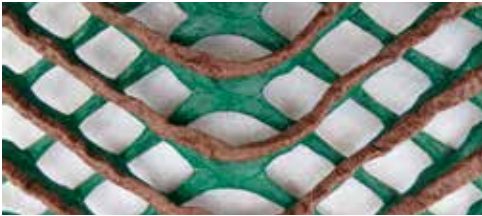

The mesh size is 27 mm x 27 mm

PREMIUM – GREEN
£205 (38.4 kg per roll)

STANDARD – GREEN
£155 (27 kg per roll)

Pair with the new **GRM Peg** (shown below) – the ideal fixing solution
For other mesh options please look online: www.collinsnets.co.uk

GP FLEX – HEAVY DUTY MESH

GP FLEX is an extremely tough extruded plastic for permanent reinforcement of grassed areas used by vehicles and pedestrians. GP FLEX is a slip resistant and flexible mesh.

Rolls are sized 2 mtrs x 20 mtrs

GP 1000	Thickness 9 mm (40 kg per roll)	£235
GP 1400	Thickness 11 mm (56 kg per roll)	£320
GP 1800	Thickness 13 mm (72 kg per roll)	£390

SQUARE-PEG – 160 mm

The 'Square-Peg' (commonly known as a Mushroom Peg) is a cost effective and ideal way to secure down Ground Cover.

£10 per 100

Special Offer:
£80 per 1,000 pegs

GRM PEG – 160 mm

- Large head for fast installation
- Safe to use near cables, machinery & vehicles
- Barb design – pull out resistance
- Durable Plastic Polymer

£22 per 100 pegs

Special Offer: £180 per 1,000 pegs

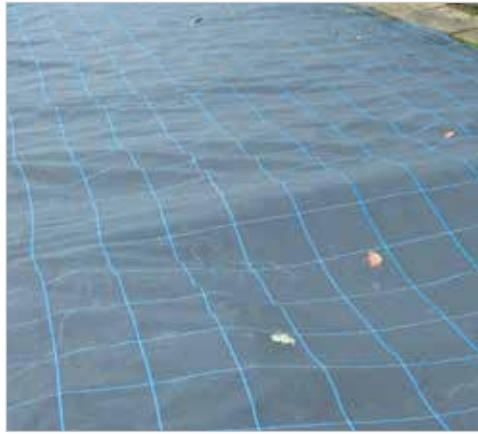

The new 'GRM Peg' is designed specifically for securing Ground Reinforcement Mesh. It will fit neatly between grids. The best solution when metal is not an option!

WHITE 'BULLS EYE' MARKER is also available to fit the top of the GRM Peg. Ideal for marking bays
£24 per 100

GROUND COVER

For weed control, under decking and more. It gives excellent water dispersion which eliminates puddling. The 25 cm squares assist with accuracy. UV stabilised.

SHELTERFLEX WATERPROOF SHEETING

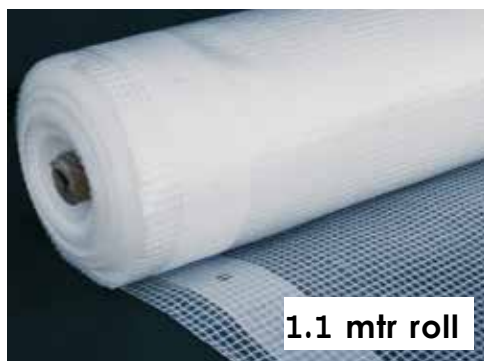

ALL OF OUR ROLLS ARE APPROX 250g PER SQUARE METRE

SHELTERFLEX is laminated and reinforced with polyethylene yarn. The clear fabric is 100% waterproof, UV stabilised and comes with reinforcement webbing on the edges.

It allows light transmission of approximately 70%.

SHELTERFLEX is ideal for scaffold sheeting and is one of the strongest products available for protecting buildings and the public from dust and the weather. It is a versatile waterproof sheeting that can be used in a variety of areas. It has been particularly popular in the Game Rearing industry where it is used as a waterproof cladding.

ELECTRIC FENCERS

£90

THE MOSQUITO

The Mosquito fencer has a visible pulse, poor line and battery level indicator lights. It comes with an earth post 38" in height, lead kit and is best used with a 12 volt car battery. It is a compact, weather proof unit and it is ideal for use with our electric netting or 7 strand electric fence wire.

Max Single Strand Fence Length: 18 km

**Max Netting Length: 150 m
Peak Voltage: 5-8.5 kv**

THE BUG FENCER

£58

A light, compact unit with visible pulse indicator.

Max Single Strand Fence Length: 5 km, Peak Voltage: 6 kv.

Can last up to 8 weeks. Requires 2 x D Type Alkaline Batteries. (Batteries not included)

7 STRAND ELECTRIC FENCE WIRE

7 Strand Galvanised steel electric fence wire.

£13 for 200 mtrs

**SPECIAL OFFER:
£44 FOR A BOX OF 4 (£11 EACH)**

ELECTRIC NETTING

Our electric netting comes in 50 mtr rolls (the Poultry net also comes in 25 mtr rolls). They all have a strengthened top strand and fixing pegs. All the posts have a spike of 18 cm. The use of 0.2 mm stainless steel conductors connected at both ends of the net create a low resistance giving a more powerful shock.

B.E.T.A BAIT STATION

£6

This bait station is lockable & suitable for indoor & outdoor use. Our plastic mouse trap fits inside this Bait Station & it comes with a wall mounting plate.

WCS TUBE TRAP

38 cm long x 11.5 cm diameter

To attract & kill Mink, Squirrels, Rats, Stoats & Weasels. It is a quality trap that incorporates a tunnel making it easy to comply with UK regulations.

This tunnel also has the added advantage that catches are hidden from public view. The WCS tube trap can be used either baited or un-baited. The trap itself acts as an attractant to inquisitive targets, or it can be sited as a 'run-through'.

£48

ONE RAT BAIT STATION

£8

This bait station is lockable & suitable for indoor & outdoor use. Our plastic mouse & plastic rat traps fit inside this Bait Station

EZ BAITER TUBE

Check and refill without handling the station. Includes an internal tray to hold the bait.
